1. Introduction of MSME

Chhattisgarh is a newly emerged State of the country with 27 Districts with Raipur as its Capital. Chhattisgarh has 2.98 Crores population and counts for approx. 2.29 % of India's total population.

As per the estimates, there are approx. 80000 Micro Small and Medium Enterprises (MSMEs) in Chhattisgarh State. Raipur, Durg, Bilaspur, Raigarh are the Top Industrial Districts.

Nature has blessed Chhattisgarh State with abundance of precious minerals and forest resources. The strategic & convenient geographical location of the State connects almost half of the population of the country as neighboring States. This natural endowment is prime factor for development of the State. Almost 44% of the total area of the State is covered by dense forest full of biodiversity. Almost all types of minerals, biodiversity and herbs used in Ayurveda are available in the picturesque valleys and forests of the State.

The first three Industrial Policies of the State mainly dealt with the investment in the core sector, resulting Chhattisgarh to be the most preferred destination for the investors. Even today, this is one of the leading States providing uninterrupted quality power supply. The easy availability of skilled workforce at reasonable rates with zero labour unrest is the key attraction for the investors in the country.

Keeping in mind the abundant paddy production in the State and its surplus, it has been decided to provide special incentives for the production of Bio fuel/Ethanol using the surplus paddy. It has also been decided to put special efforts to promote the manufacturing of herbal medicines and forest produce based manufacturing industries. Besides, pharmaceutical industries, industries based on robotics, artificial intelligence, IT & IT- enabled services and bio-technology are also the priority of the State Government. For this a new special category of industries of "**High Priority**" has been evolved.

By using the modern IT tools, the processes of obtaining various consents, licenses, registrations and permissions from all concerned government departments for setting up an industry have been simplified under Ease of Doing Business (EoDB) measures. To complete the entire process of issuing the required registrations, licenses, consents & permissions in the stipulated time limit, the system to fix up the case- wise responsibility of the officers is being developed.

Compendium of MSME Policy and Incentive Schemes of Chhattisgarh

To enhance the capacity of traditional & existing industries, the existing industries have been permitted to get the assistance for substitution/diversification including industries that are producing various products required for growth of Space, Defence, Railways and Atomic Science. Provisions have been made to give every possible support to all such industries keeping local needs in focus. After having marathon discussions with various representatives of industry-bodies, it has been decided to sweep away the practical difficulties for substitution, diversification & expansion of existing industries along with installation of new industries in the State.

The successful implementation of MSME policy will improve the trust of investors in the State Government as well as achieve the goal of holistic and inclusive development of the State. This further will increase the State's contribution in the GDP of the country and make **a more Prosperous Chhattisgarh.**

6 Role of Chartered Accountants in MSME

Chartered Accountants can play very important role in providing business support services & professional services in many areas including :-

1. Project Finance

A large number of Chartered Accountants in practice are involved in project financing, consultancy to their clients and liaising with the different financial institutions. **Chartered Accountants are playing a leading role in the society and are considered as finance advisors, who assist their**

clients in every field relating to finance, besides tax, accounts and banking.

2. Insurance Area

MSME themselves do not have knowledge of assessing the risk relating to potential loss of profit on account of machinery breakdowns, fire, natural calamities, transit losses, workmen compensation, accidental losses and other such similar areas. CAs have wide knowledge of such risk of the probable losses and work as advisors to the MSMEs for returning insurance risk at comparative prices. CAs can play a vital role in designing the insurance products and advice for premium, rebates which fulfill the need of associate industry/ enterprise

3. Insurance Litigation

The Chartered Accountants can render their professional expertise in the quantification of claims, both personal injury and business interruption claims. They may also render their services in determining the consideration of liability involving accountants' negligence and for other professional negligence cases. They may also provide their knowledge in rendering assistance of fidelity insurance disputes and in surance accounting disputes.

4. Business Performance Improvement

Chartered Accountants can assist the management in providing the following services:-

- Improving customer satisfaction
- Reducing process cycle cost
- Enhancing quality of delivered services.

5. Arbitration and Conciliation

CAs have wide range of experience about social customs, Hindu laws, business practices and commercial laws and all other relevant laws and regulation, human behavior which are essential of working as arbitrator. A number of Chartered Accountants are members of Indian Council of Arbitration (ICA). An MSME can draw the services of arbitration from CAs.

For the MSME, arbitration is a quick alternative dispute resolution medium at reasonable cost and time. CAs can also take up various roles under the Arbitration and Conciliation Act, 1996 as listed below:

Compendium of MSME Policy and Incentive Schemes of **Chhattisgarh**

1. Drafting of Arbitration Agreement.
2. Representing either of the party (plainant and defendant) to the dispute in the arbitral proceedings.
3. Assisting Arbitrator in drafting arbitral award.
4. Assisting both parties to Court of Law.

7. Service for Carbon Credit Mechanism

Carbon credits are key component of national and international emissions trading schemes that have been implemented to mitigate global warming. They provide a way to reduce green-house effect emissions on the industrial scale by capping total amount emissions and letting the market assign a monetary value to any shortfall through trading. MSMEs have very little knowledge of Certified Emission Reductions (CERs).

Credits are issued by Clean Development Mechanism (CDM) Executive Board for emission reduction achieved by their projects. Ministry of Environment and Forests is the nodal agency for climate change issues in India. CAs can render following services under Carbon Credit Mechanism:

1. Conceptualizing the Clean Development Mechanism (CDM) Project.
2. Quantification of green house gases (GHG) Carbon Footprint.
3. Selection of Cleaner technologies for New projects.
4. Project risk analysis.
5. Registration of project- both national and international level.
6. Obtaining Host country approval.

16. Carbon Finance.
17. Energy Audit under The Energy Conservation Act, 2001.
18. Advice on investment in carbon credit.
19. Accounting advisory services.
20. Taxation advisory services.

8. Compliance of Tax Laws:

i) Direct Taxes

Income Tax: CAs are widely perceived to be the best equipped professionals to render all types of line and service function in the area of taxation. They can actively contribute as line managers in all areas of taxation, tax planning and tax management. The CAs are best fitted for all types of advisory and consultancy services in taxation. In fact tax planning is becoming a highly specialized service which can be the exclusive preserve of CAs. Outsourcing is the order of the day and CAs are well-placed to give this essential value-addition. The tax audit has been exclusively given to Chartered Accountants where most of the CAs are involved as stated above. There are nearly two dozen certifications to be done by CAs under the various provisions of the Income Tax Act.

ii) Indirect Taxes

GST : CAs can serve the society by providing the services such as consultancy on the applicability and levy of GST Act, assisting in the structuring of the transactions and agreements in relation to inter-state and intra- state sales in order to minimize tax incidents.

iii) Labour Laws

9. Management Consultancy :

CA can Provide Services, which can be called as management consultancy services in the following areas :-
